JILANI™
EARTH MOVERS PVT LTD

TRUST, HONESTY & SERVICE

WHAT WE DO

Established: In 2005 as a proprietary firm as Jilani Enterprise the founder Mr. Abdul Hamid Shaikh.

In 2009 starts the business as Jilani enterprises as partnership firm with two family members Mr. Mohd Anwar Ali Shaikh and Mr. Shaukat Ali Shaikh.

Reconstituted as M/S Jilani Earthmovers Pvt Ltd. with two Directors. As on 07 May 2018.

Excavation in Earthsoil, Soft and Hard Rock by using Hydraulic Excavators, Jcbs And other modern / Hi-tech controlled blasting Technique. where unavoidable and permitted. Earth Filling in Embarkments / Reclamation. Retaining / Compound Walls, Fences, WBM Roads, Ashpalt & Concrete Roads, S.W.D., Culverts.

PROJECTS HIGHLIGHT

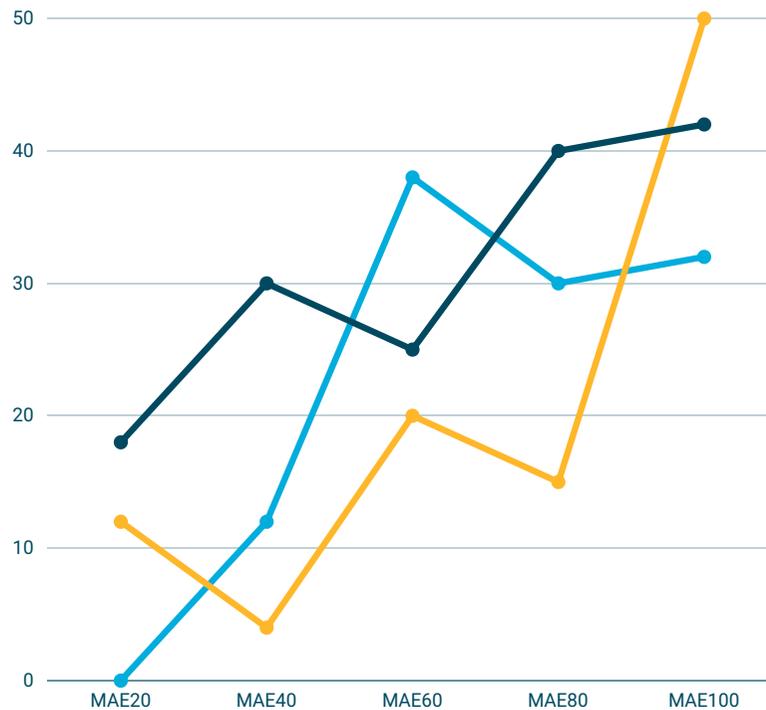

Shore Piles, Column & Building Piles Up to Dia 2000 in Dahanu for Rly.
Township Roads, State and National Highways.
Railways, Runways, Taxiways.
Multiple Basements for Modern Buildings
Minor Ports, Shallow Waterways
Playgrounds, Parade Grounds, Golf Courses.
General Civil Engg. Works of sizable magnitude.

ABOUT US

OUR GROWTH

REVENUE FIGURES FOR THE PAST FIVE YEARS

Solvency :

Rs. Thirty Five Crores.

Equipment's :

Latest and the Best available with net worth more than Rs. Thirty Six Crores.

Over All Turnover :

Rs. Ninety Crores

Recognized in Market :

For Safety, Quality and Output.

OUR SERVICES

What you can expect from us is deep acknowledgement of Trust and Honesty

EXCAVATION AND EARTH MOVING

Earthworks are engineering works created through the processing of parts of the earth's surface involving quantities of soil or unformed rock.

Typical earthworks include road construction, railway beds, causeways, dams, levees, canals, and berms. Other common earthworks are land grading to reconfigure the topography of a site, or to stabilize slopes.

we examine reports of geotechnical engineering (such as soil density and strength) and with quantity estimation to ensure that soil volumes in the cuts match those of the fills,

EXCAVATION AND PILING

Piling forms the very basis of construction; the essential support needed for any kind of structure. It is a technique that sets deep foundations for any form of construction work, such as buildings.

If you are about to embark on construction work, having the right equipment is essential.

Piling works by inserting large amounts of wood, steel or concrete into the soil of the ground. The deep insertion of these elements ensures a sturdier base for the construction project to take place.

OUR SERVICES

What you can expect from us is deep acknowledgement of Trust and Honesty

JCB AND EXCAVATOR POCLAIN

Our best approaches help us to provide high quality range Poclain Hiring Service with the help of heavy cranes. With our wide industrial exposure and best business contacts, we are able to meet diverse requirements of our clients. These are provided on large scale to various public sectors and industrial firms. We are the most trusted firm of the market and provide optimum services at nominal price.

We are deemed as the best service provider for Poclain Machine Hiring Service. Catered by talented individuals, these services are not only cost effective but are also customized as per the requirements of our customers. We have been delivering these services in a stipulated time frame

PWD WORKS AS ROAD CONTRACTORS

In today's age, speed is the norm. Mobility is no exception. Be it to move people or goods, a strong transportation network - roads, highways, bridges, flyovers etc. - paves the way for better connectivity. In India, it is estimated that the private sector will contribute 44% of the total projected on roads and highways over the (2012-17). Further, the National Highway Development Programme (NHDP) and upgradation of 3,700 kms. of National Highways by way of double/four/six/eight laning will spur more activity in this space.

With a track record of executing large scale contracts within tight schedules, we plan to seize every opportunity to transform road and highway networks across various countries.

OUR MACHINE UNIT

COMPLETE POWER HOUSE OF JILANI EARTHMOVERS IN 2021

PILLING RIG MODEL XCMG 360	UNIT 02
PILLING RIG MODEL XCMG 240	UNIT 02
PILLING RIG MODEL XCMG 180	UNIT 01
MICRO PILLING RIG MODEL XSL 5/260	UNIT 01
TATA HITACHI 220 EXCAVATOR WITH ROCK BREAKER	UNIT 01
KOBELCO SK 220 XDLC EXCAVATOR WITH ROCK BREAKER	UNIT 01
HYDRAULIC EXCAVATOR –JS 200 WITH ROCK BREAKER	UNIT 01
HYDRAULIC EXCAVATOR –JS 205 WITH ROCK BREAKER	UNIT 02
HYDRAULIC EXCAVATOR – 210 WITH ROCK BREAKER	UNIT 01
BREAKER EXCAVATORS(POCLAIN) ROCK BREAKER	UNIT 03
BREAKER EXCAVATORS(POCLAIN) JS140	UNIT 02
MAHINDRA EARTHMASTER BACK LOADER	UNIT 02
JCB 3DX / BACK LOADER	UNIT 06
TIPPER HYVA	UNIT 25
TIPPER DUMPER	UNIT 01
AIR COMPRESSOR	UNIT 01
JACK HAMMERS	UNIT 05
MOBILE WORKSHOP VAN(MAHINDRA BOLARO PICKUP)	UNIT 02
DIESEL BOWSER	UNIT 01
MOBILE HYDRAULIC CRANE (ACE-FP-210)	UNIT 01
MAHINDRA 3.3 TON TEMPO	UNIT 01
